## **Intensive General English Course (Elementary– Advanced) - Information Sheet**

- Course Description:** The key clients for this qualification are international students from non-English speaking countries who wish to undertake a non AQF award General English Course using the New English File material from 10 to 50 weeks tuition time. The entry point can be anywhere from “Elementary” to “Advanced” across the four macro skills of listening, speaking, reading, and writing. Typically, these students may wish to improve their English quicker to move to a VET, or Higher Education Qualification upon completion. Some may wish to complete the course as a stand-alone course, but we expect those students to be in the minority.

The refund policy will also cover what your rights are should we, as the RTO, or a third-party training organisation closes, or ceases to deliver any part of the training product that you were enrolled in. In short, we would make arrangements suitable to yourself, to access another provider delivering that training, OR we offer you a refund
- Visa Students:** Be aware that agents can act on our behalf to recruit students. These agents are listed on our website. All our staff have the required degrees and qualifications for teaching ELICOS with considerable experience. Classes are generally 5 – 15 in size and all our staff are friendly helpful people. We offer quality courses that are great value for money. We pride ourselves on being a family business that cares about our students, and our classes are run by staff who try to make learning as fun, interactive and positive as possible.  
As this is an approved ELICOS course, the Visa conditions require you to attend 20 hours face to face course schedule hours per week. For more information on how we monitor, record and help keep you up to date on your attendance, ask for a copy of our Attendance Policy and Procedure, or download it from our website.
- Modules:** Delivery of the modules may be through text-, topic- or theme-based approaches. Discourse features, grammar, vocabulary, pronunciation and graphology are taught within these contexts. Learners may study material at different levels, particularly when there is a difference in proficiency in macro skills. To facilitate this, The Eagle Academy may offer specialist classes, specific modules from another Certificate level to groups of learners, alternative delivery modes if approved by the Director or authorised member of staff.  
At completion of study, students will receive an ELICOS Certificate stating the level achieved.
