IDEAL English Tuition

Our IDEAL English Tuition service caters for students from all walks of life and with English levels from beginner to advanced. IDEAL English Tuition offers an extensive range of activities that students can select from, such as assistance with the English requirements of a course they may be studying, assistance with **Business** style English, **Academic** English, **English examination** preparation, or even English used in their **job**. It has flexible timetabling options allowing students to gauge the intensity of delivery to their preferred level based on how much time and energy they are willing to commit. Programs are tailored around student wishes and needs. There is no set course, curriculum, or assessment.

Students can choose 3-4 sessions per week, or as little as 1-2 sessions per week. All of the supporting and learning activities are for those who want to focus on Australian English, or need English language support in their studies, and are delivered by tutors who are very passionate and experienced in teaching ESL (English as a Second Language). This program of support and tuition is not a formal course as such, does not lead to any AQF outcome, does not meet the requirements of an ELICOS course, and is not available for Student Visa purposes.
